WHEN ARCHITECTURE AND INTERIORS ALIGN

The ever talented and incredibly inspiring local architecture firm, *CARNEY LOGAN BURKE*, recently expanded their client services. With a talented

group of designers to compliment their signature architecture style, CLB now offers a full Interior Design department.

The team works by aligning the interiors with the architectural feel for each project, making an easy extension to match any home, business, or public space. Jennifer Mei, AIA and Sarah Kennedy lead the way by overseeing each and every detail, from furniture and objects to textures and lighting and to the art work on the walls. This group of professionals has over 30 years of experience and are a true joy to work with. **From left to right:** Sarah Kennedy, Jaye Infanger, Libby Erker, Cynthia Harms, Jennifer Mei, Maria James, Reed Duggan (not pictured). Enjoy a sample of their work below!

Sleek lines, white walls, and fun decor make a fun home study: Artwork and objects by Owner. Plaster walls and logs finished with alabaster tinted lacquer. Photo by Matthew Millman.

A playful take on a grownup guest bedroom: Wall covering by Cavern, wall sconce by Visual Comfort, throw pillow by Coral and Tusk. Photo by Matthew Millman.

Different patterns add rich texture to this bunk room: Wall coverings by Aimee Wilder. Photo by Matthew Millman.
